Synopsis

Create your own professional-quality labels with **Label Factory Deluxe 3.0**. Featuring more than 1,400 label formats and templates, you can design your own business labels, address labels, file folder labels, name tags, office equipment labels, gift and name tags, CD and DVD labels, diskette and zip labels, videotape labels, envelope templates, Rolodex cards and much more. The program is a breeze to learn and labels can be printed on any inkjet or laser printer.

Label Factory Deluxe 3.0 is fun to use and packed with features. Choose from thousands of graphics and hundreds of fonts to give your label a personal touch. A full rich text editor lets you customize your text's color and style to your liking. This versatile program even supports 13 bar code formats for retail sales, inventory control, order entry and more.
